A social dance was given in the Parente Villa dance hall last Saturday evening. A large crowd of party-going people were present and report having had an enjoyable time.

Sam Stahl, well-known clerk at Fest's Farm resort, will soon become a Benedict. A pretty New York chorus girl, is the lucky one, and Sam says the nuptials will take place the early part of June.

Everything is in readiness for the first grand ball to be given by the El Verano Development Association at the Bellevue Hotel in this place on the evening of February 22d. From latest reports a large attendance from all sections of the valley may be expected. Nothing has been left undone to make the ball a success and fine music has been engaged for the occasion. The Pauli-Johnson orchestra will furnish the music.

Last Saturday morning about 11 o'clock the residence of Mr. McDaniel's on the Lewis tract was destroyed by fire. It appears that a hired man was melting some tar on the kitchen stove when the combustible mixture suddenly blazed up setting the ceiling on fire and in an incredible short space of time the cottage and its contents were reduced to a pile of ashes. A large crowd of volunteer fire-fighters from this place were soon on the ground but their efforts, to save the cottage proved fruitless. The house and contents were uninsured.

Mr. Cantor is making many improvements at his new resort near Verano, which is now one of the prettiest spots in that vicinity.

Louis Martain has leased the Riverside Hotel at this place and will greatly improve the grounds, converting it into an ideal summer resort.

Among those who acted as pall bearers at the funeral of Germain Lounibos last Tuesday were Steve Malone, Phil Rossi, Chas. Ramelli and Wm. and Joseph Kearney.

Coroner Blackburn passed through here last Monday afternoon with a brand new Cadillac car, which certainly showed some speed. He was en route to Petaluma.

A delegation of capitalists were here the latter part of the week from Oakland and San Francisco looking over the ranch of the Yalupa Land & Water Co. which they contemplate purchasing.

Walter Poulson with a party of friends spent Sunday joy riding to Vallejo. Walter pronounces his car running perfect and the roads ideal for automobile driving down in that country. They returned the same day.

Many here received a valentine the 14th inst., although some were a little hurt on receiving comical ones that suited them. The day passed over without any one being hurt, all promising to get even the next time St. Valentine's day rolls around.

Willie Meehan, crack middle-weight boxer, has been matched to box McAllister, the crack Olympic Club light-heavyweight. McAllister will have a hard nut to crack in his first professional fight. The bout will take place on March 1st. Meehan is training at Parente's training camp and promises to end McAllister's hopes when they meet before the Oakland Wheelmen Club at Oakland.

The discharge of shotguns are heard here each morning and no doubt the law is being broken by the killing of robins. If there is such a thing as a game warden in this valley he should wake up, as a baby could go and get these offenders. It is the same old story. A game warden for the name, but when it comes to getting anybody they are not there. A live game warden could do some business in this town.

ARCHIBALD MCKIVER.

TRAGEDY AT SONOMA STATE HOME

Eighteen-Year-Old Boy Inmate in Attempting to Escape Falls to His Death

An eighteen-year-old boy inmate of the Sonoma State Home at Eldridge, named Clyde W. Johnson, committed from Pasadena, lost his life Sunday night in an attempt to escape from the institution.

The unfortunate boy, who occupied a cot in the dormitory on the third story, knotted the sheets and blankets of his bed together and during the temporary absence of the attendant, tied the rope to the heat radiator, opened the window and crawled out, in endeavoring to descend by this means to the ground.

The improvised sheet and blanket rope became unknotted and the unfortunate boy fell many feet to the pavement below, fracturing his skull and dying instantly.

Coroner Frank L. Blackburn went to Eldridge on Monday morning and held an inquest. The verdict was in accordance with the testimony, and was one of accidental death. Coroner Blackburn approved the verdict, and ascertained that the lad had attempted to escape from the institution on two or three previous occasions.

The Hay Market This Week.

The condition of the hay market for the week ending the 18th inst. as reported by Somers & Co. in their weekly bulletin shows there is practically no change to report concerning the situation.

The week's arrivals were a trifle heavier than those of the week previous, the total amounting to 2721 tons in comparison with 2461 tons the week previous. The hay which has arrived has moved off fairly readily although the demand here continues very quiet, and except for the very fancy grades of hay prices are weak and consumers as well as retail dealers are buying very sparingly.

The condition of the growing crop throughout the State is at present very satisfactory. Practically all of the State looks good, and with seasonable rains from now on there is every reason to believe that the State will produce a good crop of hay and grain.

Shipments to the southern part of the State have been decreased very materially, the Southern market being overstocked with hay and the prices therefore have declined so as to prevent the shipment of hay except in very small quantities from this district.

The Library Benefit

Complete returns of the receipts and expenditures of the recent Valentine Carnival for the benefit of the Furnishing Fund of the Public Library show the net proceeds. The chief receipts were as follows:

Sale of tickets	\$151.25
Candy booth	50.30
Refreshment booth	41.30
Valentine booth	18.55
Cash donations	17.50

\$278.90

Expenses

Net

\$214.42

The Trustees feel greatly pleased with the generous patronage of the Carnival, and consider the net result as all that could have been asked. While the amount is much short of the money needed to equip fully the new Library, they are confident that the remainder will be provided in such a way as not to infringe upon the annual maintenance fund.

Special thanks are due to the following named friends for very special favors extended:

Frank Koenig, for the free use of the hall; Calif. Tel. & Light Co., for free lights; Mrs. Lutgens and L. S. Simmons, for donation of ice cream; J. Picetti, for efficient services as floor manager; Boys Band, for services rendered; Pauli Johnson Orchestra, for liberal reduction of bill for music; C. E. Johnson, for reduction on hauling; A. J. Bailey, for tuning piano; Mrs. Jackson, Mrs. Baines, Mrs. Bigelow, J. B. Newman and S. B. Lewis, cash donations. In addition, as hearty thanks are due all the donors of refreshments and candy, the many participants in the program and the managers and assistants at the booths—without the kind efforts of all these the Carnival could not have been presented at all.

The following won the prizes for largest sales of tickets in the various school districts: San Luis, Marguerite Helberg; Watsnough, Inez Douglas and Eva Gheiza; El Verano, Vesta Stillings; Sonoma, Russell Prestwood.

The Trustees hope that when the new Library is in full working order it will be found to be of greater importance in the community than now, and that the appreciation of its value will be evidenced by its constantly increasing use, both by town and country residents.

Richard H. Piatt
Secretary.

GEORGE WASHINGTON.

Today is the one hundredth and eighty-first birthday anniversary of George Washington, the first President of the United States, whose name will be honored and revered by his countrymen so long as this Republic endures. His private life and public deeds are an open book and are familiar to every school boy and girl in the land. George Washington has gone down in history as a noble patriot and statesman. In his day, however, his patriotism was often misconstrued and like Abraham Lincoln during his presidential term of half a century ago, and more latterly President Taft, he was reviled and abused by his political enemies who did not appreciate his true worth until his tongue was silenced and his activities brought to a close forevermore by inevitable death which came to him at Mount Vernon, Virginia, on December 14th, 1799. Then, and not till then, did his countrymen with respect and veneration accord him that praise due a hero statesman, a true patriot and a brave soldier.

Benefit Baseball Game.

Hugh McCormick, the popular employee of the Petaluma and Santa Rosa electric railway, who recently lost both his legs by being run over by a Southern Pacific passenger train, while attempting to board it in Santa Rosa, will be given a benefit at Boyes Springs this Sunday by the Seals of San Francisco and the Sonoma Valley Stars, both crack baseball teams. The cause is a most worthy one and every baseball fan in the Sonoma Valley should be present and help swell the relief fund for a young man whose purse has always been open to the unfortunate and needy.

Brief Mention.

Mr. and Mrs. Emil Cornelius and children spent Sunday in the city.

Victor Beretta leaves for a short business trip to the metropolis this morning.

Dr. F. Leix had professional business in the metropolis several days this week.

Raymond McGlynn of San Francisco was a guest at the Taylor residence north of town Sunday.

All roads lead to the Cloverdale Citrus Fair today, it being Sonoma County Day. The Northwestern Pacific Railroad Company, with characteristic enterprise, has made a special rate of \$1.00 for the round trip from all stations on its Sonoma Valley branch line to Cloverdale. A large crowd will attend from this valley.

Clyde Stademan, formerly of this place, died at his home in San Francisco one day the latter part of last week. The little fellow has a number of relatives residing in this valley.

Weyl vs. Adler Jury.

The following jurors were drawn in Judge Denny's department of the Superior Court to try the \$10,000 damage suit of Weyl vs. Adler, mention of which is made elsewhere in these columns:

Joseph Fox, A. T. Chipping, J. P. Bonetti, J. W. Seigel, Thos. P. Roach, S. W. Purington, J. P. Willis, J. J. Shenard, C. D. Stearns, Wm. Scheenigh and R. K. Truitt.

The witnesses who were examined during the morning session of the court were Roy Stockwell and Jas. Meyer.

Death of G. C. Lounibos.

Germain Charles Lounibos, son of John Lounibos of El Verano, passed away at the Victoria Hotel, in that place last Sunday, after a lingering illness. The deceased was born in France but came to the Sonoma Valley with his parents when five years of age, and spent most of his life here.

He was a brother of Mrs. Henry J. Chauvet of Glen Ellen and E. P. and J. Lounibos, and was well-known to the pioneer residents of this valley. He was a native of France and aged 43 years, 10 months and 20 days.

SENATOR JULLIARD AND WINEGROWERS.

Introduces Bill in Legislature to Divide State Into Viticultural Districts.

Senator Julliard has introduced a bill into the upper house of the California Legislature providing for a State Board of Viticulture and dividing the State into viticultural districts. The provisions of this bill follows:

Section 1. There shall be appointed by the governor, a state board of viticultural commissioners to consist of nine members, three to be appointed from the state at large, and one to be appointed from each of the six viticultural districts, which shall be designated and constituted as follows:

First—The Sonoma district, which shall include the counties of Sonoma, Marin, Lake, Mendocino, Humboldt, Del Norte, Trinity and Siskiyou.

Second—The Napa district, which shall include the counties of Napa, Solano and Contra Costa.

Third—The San Francisco district, which shall include the city and county of San Francisco, and the counties of San Mateo, Alameda, Santa Clara, Santa Cruz, San Benito and Monterey.

Fourth—The Los Angeles district, which shall include the counties of Los Angeles, Riverside, Orange, Ventura, Santa Barbara, San Luis Obispo, San Bernardino, San Diego, and Imperial.

Fifth—The Sacramento district, which shall include the counties of Sacramento, Yolo, Sutter, Colusa, Butte, Tehama, Shasta, El Dorado, Amador, Calaveras, Tuolumne, Mariposa, Placer, Nevada, Yuba, Sierra, Plumas, Lassen, Modoc, Alpine, Mono, and Inyo.

Sixth—The San Joaquin district, which shall include the counties of San Joaquin, Stanislaus, Merced, Fresno, King, Tulare and Kern.

Sec. 2. The nine commissioners, excepting the three appointed by the state at large, shall be residents of the district from which they are appointed, and shall be specially qualified by practical experience and study in connection with the industries dependent upon the culture of the grapevine in this state. They shall each hold office for the term of four years, excepting four to be determined by lot, of the first nine appointed, who at the end of two years shall retire when their successors shall be appointed by the governor.

Sec. 3. The state board of viticultural commissioners shall elect from among their own number a president, a vice president, and a treasurer, who shall not be one of their number, and whose salary shall not exceed two hundred dollars per month, and the Board shall determine and fix the amount of bonds that shall be given by the treasurer and secretary for the faithful performance of their duties.

Sec. 4. It shall be the duty of the board to meet not less often than semi-annually to consult and to adopt such measures as may best promote the progress of the viticultural industries of the state. It shall be their duty to collect and disseminate useful information relating to viticulture, including the best methods of growing grapes and handling the grapes and its products. It shall be its duty to select and appoint competent and qualified persons to deliver at least one lecture each year in each of the viticultural districts as named and designated in section 1 of this act; to give especial attention to the diseases and pests of the vineyards and methods of control; to collect viticultural statistics of the

state; to study and foster methods of co-operation among grape growers and manufacturers of grape products; to arrange for meetings, shows and conventions, where those interested in the viticultural industries of the state may meet to further their mutual interests. The board shall issue semi-annual reports of its various activities, and make such recommendations as in its judgment it may deem best for the protection and furthering the interests of the table, raisin and wine grape vineyards.

Sec. 5. The commissioners constituting the board shall serve without compensation and shall be allowed only their actual traveling expenses to and from their places of residence when attending the meeting of the board. In no event, however, shall allowance be made to them for more than seven meetings during a year. If the board finds it necessary to hold meetings to a greater number than seven during a year, no allowance will be made for any meeting in excess of seven.

Sec. 6. The office of the board shall be in the city of Sacramento and shall be kept open to the public, subject to the rules of the board, every day, excepting legal holidays, and shall be in charge of the secretary during the absence of the board.

Sec. 7. It shall be the duty of the secretary to attend all meetings of the board and preserve records of proceedings and correspondence, to collect books, pamphlets, periodicals, and other documents containing valuable information relating to viticulture, and to preserve the same; to collect statistics and other information showing the actual condition and progress of viticulture in this state and elsewhere; to collect information concerning lands suitable for viticulture, and to impart to the public, upon proper demand being made, information concerning localities of such lands, prices, cost of cultivation, and means of transportation; provided that he shall receive no fees for such services; to correspond with agricultural and viticultural societies, colleges, schools of agriculture and particularly the University of California and the university farms, and to disseminate information, printed or otherwise, as he may be directed by the board of viticultural commissioners; and to prepare as required by the board, semi-annual reports for publication.

Sec. 8. And for the further promotion of the viticultural interests, it shall be the duty of the board of regents of the University of California to co-operate in every way possible with the state board of viticultural commissioners; to continue and extend the work of instruction and investigation which they are now carrying out, and to aid the state board of viticultural commissioners by making such analyses and laboratory researches as their laboratories and experiment stations render possible.

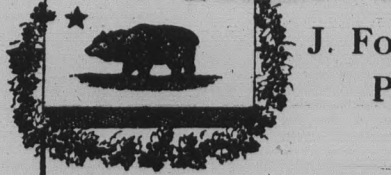

Sec. 9. There is hereby appropriated for the purpose mentioned in this act the sum of seven thousand five hundred dollars annually and the state controller shall draw his warrants upon the state treasurer in favor of the treasurer of the said state board of viticultural commissioners, upon proper demand being made for same.

Geo. Buzzini of Santa Rosa was in town Saturday on business.

Mr. and Mrs. Farrington took Monday morning's train to Santa Rosa.

Mr. and Mrs. G. O. Cobb autoed to Santa Rosa last Saturday on a business trip.

Mrs. T. Burns and sister from San Rafael spent last Thursday visiting their many friends in Glen Ellen.

Mr. and Mrs. Geo. Cobb took the Monday morning train for Oakland on business, returning on Tuesday night's train.

B. Thierkoff and family, whose home was burned out a few weeks ago, have rented and moved into Lorey's cottage on the O'Donnell estate.

The line up of the local basketball team, which will play the All Vallejos next Saturday night, will be Ranker and J. Trusty, forwards; Dresel, center; Greeley and John Trusty, guards.

H. Trusty is a very busy young man these days inspecting the different makes of automobiles, but the Pierce Arrow, so far, is his favorite and he will no doubt purchase this make of a car.

Chas. Dohabue, who has been conducting Ed Ranker's blacksmith shop during his recent illness, departed on Monday morning's train for Santa Rosa where he will reside temporary.

The early bird always catches the worm. The early birds who ordered their summer suits this week were W. Wiget, V. Nakata, Geo. Buzzini, Chas. Bothenberg, J. Kern and Chas. Eulmer. See our local tailor, A. Cheffers.

A basketball game will be played in the Chauvet Hall between the All Vallejos and the Glen Ellen Bachelors next Saturday night at 8:30 p. m. These games have prospered under the management of H. Trusty and he deserves much credit for the nice orderly way they are conducted.

The rubber was played off last Saturday night between Sauzalito and Glen Ellen basketball teams in the Chauvet Hall before a large crowd. The local team won easily. The score being 41-11. The Sauzalito five were badly outclassed in every point of the game and the clever basket shooting of Dresel, Trusty and the locals were the features of the game.

The Socialist lecture which was given in Mayflower Hall last Sunday was a big success with a large crowd attending. Jack London who was scheduled to be the speaker of the day, was called away early Sunday morning on a business trip to San Francisco. Edward V. Payne took his place and his arguments were solid and forceful. These lectures will be given once a month under the management of Mr. Payne and Jack London. Mr. 51 Payne is an orator of force and ability and is very interesting, having a true knowledge of the Socialist question.

Death of Thos. Glynn.

Thos. Glynn, son of the late Michael and Ellen Glynn, who conducted the old Sonoma House in this city in the early seventies and eighties, died in San Francisco on the 18th inst. The deceased was the sole survivor of the Glynn family of father, mother, four boys and one girl. The deceased was born in San Francisco about 45 years ago, but spent his boyhood days in this city. He had been in poor health the past year and had just recently returned from Southern California where he had gone for the benefit of his health.

Country Home Wanted.

This advertisement is addressed to many real estate agents as well as individual property owners. A person living in San Francisco has delegated me to secure for him in Sonoma County from forty to one hundred and sixty acres suitable for a country home. Important features are elevation, affording scenic view, running stream, living spring, reached over a good road and not too far from railroad station. Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:	100 Per Cent. Digested
Bread made with phosphate powder:	68 1/4 Per Cent. Digested
Bread made with alum powder:	67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

"April 22—Such an excellent idea! I have just recollected that there is a secret hiding place in Grandmother Blipah's mahogany bedstead. I will conceal the jewels there and in case anything happens to me one of our family may be able to recover them, even if the bedstead should be carried away."

"First, one must observe the row of hideously grinning faces—'gargoyles,' grandfather called them—that outline the top of the headboard; there are twenty-five of these gargoyles in all, and one must press the right eye of the thirteenth gargoyle from either end, disclosing a cavity. Into this cavity I have dropped the leather bag containing the unset gems—they are worth many thousands of dollars—and I hope to recover them when the war is over."

Armed with hammer and screw-driver, husband and wife repaired to the parlor and locked themselves within, greatly to the disgust of the interested Norah, who availed herself of the keyhole as the only safe to her wounded self respect.

"My dear girl, how do you think I'm going to handle this thing alone? It weighs a ton! Why wasn't it put in the guest room?"

"The instant I saw it in the wagon I knew it would never fit into that room, so I told them to put it in here. We can remove it to the cellar afterward—or store it."

"It fits in here," remarked Winchester.

"Let us rip off the covering—I believe I know just where to place my finger on the spring! This is the headboard, of course, and here are the gargoyles," cried Flora excitedly.

Winchester took out his knife and fearfully opened the blade. He lifted one corner of the bedstead, groaned and dropped it heavily.

There was a straining and snapping of cords as he applied his knife to the wrappings.

"Oh! Oh! I am just as nervous as I can be," cried Flora, regardless of her husband's groan as he dragged aside the covering and disclosed the rounded, polished top outlined by a semicircle of hideously carved faces. "Jove, what a beauty!" ejaculated Winchester, yet with a note of respect in his tone. "What a nightmare! Fancy wishing a guest 'pleasant dreams' and then introducing him to that couch! Whew! Now, which face, Flora, love?"

Mrs. Winchester triumphantly produced the paper from her laces and read solemnly: "The thirteenth gargoyle from either end."

"The one in the middle, of course," announced Winchester.

"Press the right eye," quoted Mrs. Winchester, breathlessly. "I shall have them set in a glorious pendant, Harry!"

They hung expectantly over the bed.

"Now press!" she whispered subtly. Winchester pressed.

"Nothing doing," he announced flatly.
